

**Baseline Case**  
Cordon Extent: 1.5H, REDI Impeding Factors

**Sensitivity to the Cordon Extents**  
Radius reduced to 1.0H  
No cordons (only impeding factors)

**Mitigation Policies for Buildings  $\geq 75\text{m}$**   
Contractors on contract  
Engineers on contract  
Buildings are insured  
All contingency plans are in place  
Retrofitted to modern code requirements

**Sensitivity to Impeding Factor Durations**  
Reduced by 50% for all buildings  
None prior to building stabilization repairs
